

Sheshan Hebron

Cloud/DevOps Engineer

📍 Colombo ✉️ sheshanhebron61@gmail.com 📞 +94769011104

SUMMARY

Cloud Engineer with experience in designing, deploying, and managing scalable AWS infrastructure. Skilled in AWS services including EC2, S3, Lambda, RDS, CloudFormation, CloudWatch, and serverless architectures. Strong in automation, cost optimization, monitoring, and cloud security. Passionate about learning concepts in depth and sharing knowledge with others through teaching and mentoring. Fluent in English, Sinhala, and Tamil.

EXPERIENCE

10QBIT

DevOps Engineer - Internship

Remote - United Kingdom

2026 Jan - 2026 July (Until 12th of July)

I build solution architectures using AWS serverless services, manage cloud costs, monitor cloud operations, and audit the security of cloud architectures.

EDUCATION

Sri Lanka Technology Campus

BSc (Honours) in Cloud Computing

3.779 GPA

October 2022 - Present

SKILLS

AWS/Cloud Solution Architecting

AWS EC2, Elastic Load Balancer, Lambda, CloudWatch

DevOps

Docker, Kubernetes, AWSCodePipeline, Jenkins, AWSCloudWatch

Monitoring and Security tools

AWS CloudWatch, AWS CloudTrail, Grafana

Scripting Languages, Networking and Linux

bash, Shell

Programming Languages

Python, React, Flutter, Node.js

Database Technology

MongoDB, AWSDocumentDB, MySQL

PROJECTS

An Intelligent Career Planning Tool for IT Undergraduates | Final Year Project | Feb 2025 - Dec 2025

Developing a platform for Sri Lankan undergraduates to compare skills, view personalized job recommendations, and see their ranking among peers applying or interested in the same company and job role.

AWS Infrastructure for Job Recommendation System | Aug 2025 - Aug 2025

Developed and deployed a cloud-based machine learning job recommendation system, automating model training and deployment while ensuring scalability, reliability, and security.

AWS Infrastructure for Library Management System | Dec 2024 - Feb 2025

Built and deployed an automated library management system with CI/CD pipelines, infrastructure automation, and monitoring to ensure reliability, scalability, and efficient system performance.

CERTIFICATIONS

AWS Certified Solutions Architect – Associate

Amazon Web Services (AWS)

AWS Certified Cloud Practitioner

Amazon Web Services (AWS)

DevOps Engineer Learning Plan

KodeKloud

Learning Linux Basic, Shell Scripts for Beginners, Jenkins, Docker (Absolute Beginner), Kubernetes (Absolute Beginners), Terraform Basics, Helm for Beginners

DevOps Engineer Learning Plan

AWS Skill Builder

- AWS CLI Basics and Improve Code Quality with Amazon CodeGuru Reviewer
- Advanced Testing Practices Using AWS DevOps Tools

Amazon Elastic Kubernetes Service - Training Badge

AWS Knowledge:

AWS Knowledge: Serverless - Training Badge

Dec 2025

Amazon Web Services Training and Certification

Serverless: zero to paid professional

Serverless Guru

AWS Architecting

AWS Skill Builder

AWS all 12 Educate Courses

AWS

Started with Introduction to Cloud and Storage (Lab), Compute (Lab), Networking (Lab), Database (Lab), Cloud Operations (Lab), Security (Lab), Serverless (Lab)
